Education

Boston University – Computer Science *(September 2017)*

Ghana International School – Mathematics, Economics, Computer Science *(June 2013)*

Experience

COMPUTING TUTOR, GHANA INTERNATIONAL SCHOOL – 2011-2012

The Tutorial Prefect of the 2011-2012 academic year tasked me with helping students struggling in Computing, Computer Studies, Computer Science, and ICT classes catch up and prepare for upcoming exams.

CHIEF WEB & GRAPHIC DESIGNER, APPLE ISHOP – 2011-2013

I built and maintained a static website for Apple iShop, the only official Apple-authorized reseller in Ghana; and designed over 200 product ads to help kickstart their first ad campaign in the country.

JUNIOR SYSTEMS ADMINISTRATOR, GHANA INTERNATIONAL SCHOOL – 2012-2013

At my high school, I was the first student hired to assist the Systems Administrator with their initiative to provide all senior teaching staff with MacBook Pros and all members of administration with iPads. I was tasked with the entire job: setting up, logging, and deploying all the devices.
